

# DKV LIVE – the digital assistant for logistics.

Ensure efficient transparency for  
maximum profitability in real-time.

**DKV** **LIVE**

---

# Make your company a **smart front-runner** with **DKV LIVE!**

Make use of **DKV LIVE** on  
**your trailers** and read **real-time**  
information, such as axle loads  
and tyre pressures.

Our **new online portal DKV LIVE** smooths your way to successful digital fleet management.

Whether you wish to be **proactively** informed about forthcoming events, your **data retention obligations** or suspicious activities concerning refuelling, your vehicles or journey times – your new digital **assistant** knows where to look.

Use DKV LIVE to **optimise** the daily logistics tasks for your dispatchers, drivers, fleet managers and customers. Continue to benefit from new **features** and **possibilities** – and all at a **fair price!**

Secure your **competitive advantage in real-time** – and start moving today in the **direction of the future.**

**You would like  
more transparency?**

**We have the perspective!**

Find out how you can navigate your vehicle to the best fuel station. Be notified of suspicious refuelling in real-time. When a vehicle's location does not match up with where it was last refuelled, DKV LIVE is immediately on the case, thanks to its link to the DKV fuel card.

**Would you like  
more security?**

**We create certainty.**

Where is the truck with the goods? When will it arrive? Is there traffic congestion ahead? Get the answers to these questions immediately from your digital assistant. In real-time. 100% efficient and reliable.

# With your **TOP 4 advantages,** you will leave the competition far behind!

## **Would you like to be quicker?**

We always get you  
to your destination.

Obtain a complete overview  
of your fleet's movements  
whenever you like. Save  
valuable time by having  
efficient and comprehensive  
data records. Always be one  
step ahead and quicker to  
reach your destination.

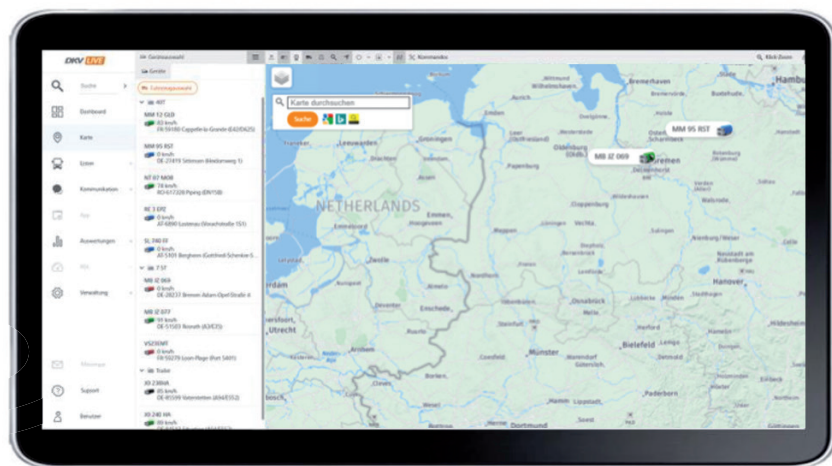

## **Would you like more profitability?**

Our focus is on making  
money for you!

With integrated Freight  
Search, you say goodbye to  
inefficient journey planning  
processes and empty runs.  
You can also compare con-  
sumption data and potential  
savings – make sure you are  
the market winner.

WANT TO KNOW WHERE THINGS ARE HEADING?  
**WE'LL SHOW YOU THE WAY!**

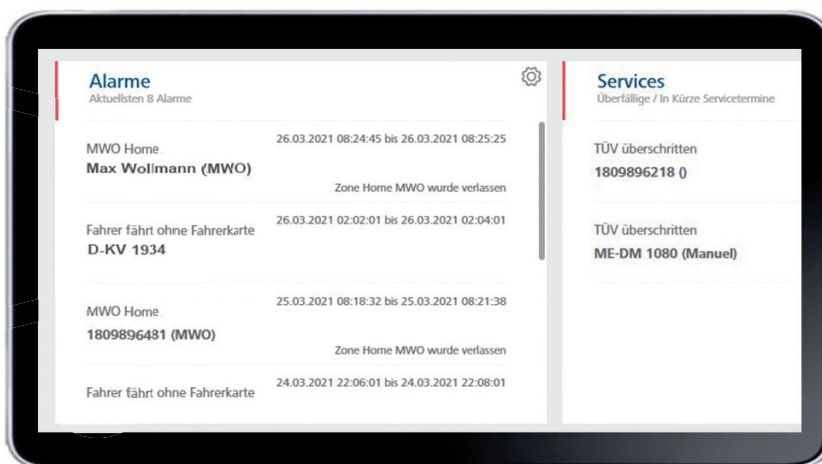

## Feature 1: **LIVE VEHICLE TRACKING**

Localise all your vehicles with the help of GPS tracking on a real-time map. Estimate when the goods will arrive at the customer's premises and know whether there are traffic jams along the route. Assign tracking rights for selected vehicles and allow your customers to follow their consignments live. And last but not least: DKV LIVE is also suitable for mixed fleets.

You deserve only  
the best features –  
with innovative telematics  
and the proven  
strengths of DKV!

FORESIGHT IS BETTER THAN HINDSIGHT:  
**WE KEEP YOU PROACTIVELY INFORMED!**

## Feature 2: **ALARM MANAGER**

Be proactively informed about suspicious stoppage times, excessive driving hours or when a service is due. Organise your operational structure and planning to be as intelligent as possible: Want to know when one of your vehicles with a low fuel level is near a low-cost fuel station? Draw geozones around low-cost fuel stations and have the system alert you when a vehicle with a low fuel level enters one of your geozones.

## YOU BELIEVE PUNCTUALITY IS EVERYTHING? WE TAKE THAT ON BOARD!

### Feature 3: **INDIVIDUAL ANALYSES**

DKV LIVE stores your fleet data for a long time and therefore you can analyse historic data to produce long-term analyses. You can download them as Excel files, which allows you to create customised reports. With information about road elevation profiles, fuel consumption along the route, journey times and toll calculations, you can look into the details and make all the necessary information available to your customers.

YOU WANT TO HAVE A COMPLETE OVERVIEW?  
**WE ENSURE YOU HAVE TRANSPARENCY!**

#### Feature 4: **FLEET REPORT AND ENGINE DATA**

Benefit from continuous data exchange with your fleet, independent of vehicle manufacturer: Operating data, events, driving and rest hours for all your vehicles are displayed directly on your dashboard. DKV LIVE automatically displays and stores all your route data. You can call up all the important journey details at any time.

## HAVE YOU MET ALL YOUR STATUTORY OBLIGATIONS? WE KEEP AN EYE ON THE TACHOGRAPH FOR YOU!

A tablet displaying a digital tachograph data interface. The interface shows a list of records with columns for 'M.M.', 'Mösdn', 'Fahre...', 'N...', 'Datum von', 'Datum bis', and 'DDD'. The data is organized into a table with multiple rows of records.

### Feature 5: **DIGITAL TACHOMANAGER**

Digital tachographs are mandatory in EU member states. Data must be read and the records kept. Your digital assistant fulfils your statutory obligations directly from your desk and downloads the data contactless. DKV LIVE automatically transfers and archives the driver and fleet data for you over suitably installed equipment in the vehicle. It does not matter where your vehicle is in Europe.

## YOU WANT TO CONCENTRATE ON REFUELLING? **OUR DIGITAL ASSISTANT CAN MANAGE THAT!**

### Feature 6: **DIGITAL FUEL MANAGER**

Check in real-time where, when and how much fuel is being purchased. DKV fuelling transactions are automatically displayed in the portal and can be compared there with consumption data relating to specific vehicles. Direct your vehicles to the best fuel station in real-time. With a coverage of 96%, we have the most closely meshed fuel station network in Germany. DKV LIVE makes drawing up your refuelling schedule as easy as could be.

YOU WOULD LIKE TO KNOW WHERE FREIGHT IS AVAILABLE? **WE CAN TELL YOU!**

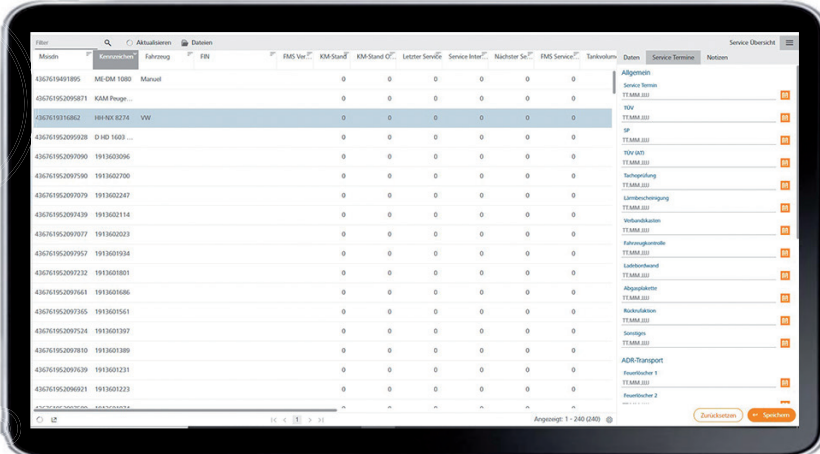

## Feature 7: **FREIGHT SEARCH AT A CLICK**

With DKV LIVE, you can avoid empty runs and search directly in the portal for available freight in the vicinity of your vehicle. Interrogate the freight offers on the salodo!, Coyote and Trans.eu platforms in real-time. It could not be easier!
